- **AFFILIATE MARKETING:**

Commission Hero's founder, Robby Blanchard, dived into full time affiliate marketing around 2017 and now he's still making \$1 million in revenue each month. This makes him the #1 affiliate of the world's most famous digital goods affiliate network, Click bank.

In very little time, how can anyone go from \$0 to \$1,000,000? Only Commission Hero style affiliate marketing provides 3 benefits:

- Ease of use-you don't need to make, offer, or sell something with affiliate marketing. You simply select and promote an offer created by someone else.
- Low Cost-Starting with affiliate marketing doesn't cost much because there is nothing to purchase, or the need to pay for a fancy website, or complex funnels.
- Scalability-scaling means doing more of the same thing for affiliates. You don't need to purchase more goods or recruit employees to scale up, unlike e-commerce or utilities.

- **COMMISSION HERO REFUND POLICY:**

I've seen many complaints about the refund policy of Commission Hero, which operates like this: before obtaining a refund, you must wait 12 months. Within 7 days, you must then make your refund request. You could be asked to show evidence that you gave the service your best shot prior to getting your money back.

CONS: Banned ad accounts, hidden expenses, and unnecessarily costly accounts.

Verdicts: Some major drawbacks, but still the finest.
